

TribeFit launches privilege program for members

THE GULF TIME

DUBAI

TribeFit, a social fitness gym, in association with a number of leading brands/outlets in the UAE, has launched a privileged card for its members, allowing them to enjoy exclusive offers.

The privilege card is available to both new and existing TribeFit members and allows the members to take advantage of discounted rates with a wide range of outlets including Barracuda, Chez Sushi, Health Factory, Monte Carlo, amongst others.

"This year we are introducing our privilege program as a note of appreciation to more than 1800 members and we want to let them know that our team constantly adds value in their journey

of good health. Through this program, we are giving discounts at some marquee brands & outlets as a part of our continuous effort to give back to our members," said Ajay Mankani, Big Chief, TribeFit.

To benefit from the program, members simply need to present their privilege card at any of the participating partner outlets when making a payment.

TribeFit has also recently launched a Loyalty Rewards Program through which members can earn points by simply checking into the club, referring friends who join, completing personal training sessions, tweeting, and posting on Facebook and much more! These points can be redeemed for attractive cash discounts as well as premium TribeFit merchandise.
