

Sport & Outdoor

New York cycling studio Flywheel will launch its brand new **FlyBarre** sessions in January, which combine circuit training, strength building, dance, Pilates and yoga to sculpt your body. The **UAE Firefighter Challenge** returns on January 15-17, with UAE and European teams competing, while **The Darts Masters** takes place on January 31.

Unique workout spot **Tribe Fit** will open in February in Dubai Marina, offering a one-of-a-kind gym and social club, apparently 'turning exercise into a community activity'. VIP desert tour service **Platinum Heritage** is rumoured to be launching a night safari option at some point in 2013, with visitors likely provided with night-vision goggles to spot wildlife such as Arabian oryx and sand gazelles. In November, **Dubai Airshow** will return, and this time there will be a 'green' angle, with a view to unearthing what a sustainable future for flying might look like.
